LETTER FROM THE SECRETARIAT

SOD X BITSMUN 2026

Dear Delegates,

It is our privilege to welcome you to SOD X BITSMUN 2026, a conference born from the union of two institutions that have each, in their own right, built a reputation for rigorous debate and diplomatic excellence. This year, SODMUN and BITSMUN come together not merely as co-hosts, but as collaborators in reimagining what a Model United Nations experience can be.

We believe the finest ideas emerge when different traditions of thought meet, and SOD X BITSMUN 2026 is our attempt to bring that belief to life, combining BITSMUN's institutional legacy with SODMUN's spirit of intellectual rigor to create committees that are more demanding, agendas that are more relevant, and a delegate experience that is more complete than either institution could offer alone.

Behind every committee session, every crisis update, and every gavel fall stands a Secretariat that has worked to ensure this conference runs with precision and purpose. We have built this edition on three commitments: substantive depth in every agenda, procedural fairness in every committee, and an environment where delegates, whether stepping into their first conference or their tenth, are pushed to think harder and argue better.

We look forward to welcoming you to SOD X BITSMUN 2026, and to two days of debate that we hope will stay with you well beyond the closing ceremony.

Sincerely,
The Secretariat
SOD X BITSMUN 2026

Summit of Diplomacy Model United Nations (SODMUN) is a teen-led Model United Nations conference hosted in Dubai. Since its first conference in 2024, it has grown from 200 delegates to over 750 at its fourth conference, with more than 2,000 delegates across all editions. It's the largest private teen-led MUN conference in the world, built and run entirely by teenagers. Past editions have converted that growth into real-world impact, raising over 13 lakhs INR to bring solar energy to rural schools. Now, we're bringing SODMUN to India.

BITS Model United Nations (BITSMUN) is a premier collegiate Model United Nations conference hosted in Pilani, Rajasthan. Since its first edition in 2009, it has grown into one of the longest-running and most anticipated MUNs in India, consistently welcoming over 400 delegates per edition, with thousands of participants across its history. It stands as one of the largest student-run MUN conferences in the country, built and organized entirely by the students of BITS Pilani. Past editions have converted that legacy into true global dialogue, hosting delegates from over ten nations to foster diplomacy, negotiation, and critical thinking that transcends borders.

COMMITTEE UNGA DISEC

 Offline

United Nations General Assembly DISEC

Addressing the challenges to regional security, nuclear non-proliferation, and maritime stability arising from the United States – Iran conflict
